

“Microsoft Project will change my operations to a much more efficient and organized office.” - D. B. – MS Project - Winnipeg

“All information presented was extremely helpful. I was not aware prior just how powerful Microsoft Project is. Greatly appreciate the pace and information provided.”  
- J. G. -- MS Project - Winnipeg

“The details covered will allow me to better utilize this program. Excellent!”  
- K. R. - MS Project - Winnipeg

“Before completing this course I had never used Microsoft Project. I am leaving confident in my ability to use this software.”  
- S. C. - MS Project - Mississauga

“I enjoyed this course, felt like I learned a ton of new information. Once, I can practice what I've learned it should prove extremely valuable.”  
- K. G. – MS Project - Mississauga

“Excellent - I like how we covered Risk Management and other Project Management concepts, and not only focused on the software.”  
- C. D. - MS Project - Mississauga

“All problems that were brought up from problems we are having with scheduling have been answered.”  
- P. W. - MS Project - Hamilton

“It was a course I would encourage others to attend.” - J. G. - MS Project – Ottawa

“Great Course! I will be able to directly apply examples to my daily tasks. Thank You.”  
- C. F.– MS Project - Ottawa

“Great course, all teachings were relevant to the construction industry.”  
- R. K. – MS Project - Mississauga

“Doug was an excellent instructor. He presents the software in a relevant manner. I would recommend this course and others by ES Computer Training to my colleagues.”  
- A.W. - MS Project – Markham

“Great course. Highly recommended for all Project Managers, Project Coordinators, Schedulers, etc...”  
- K. J. - MS Project – Hamilton
